The statement of facts relating to the disposition of the body shall be signed by the undertaker or person acting as such.

The medical certificate shall be made and signed by the physician, if any, last in attendance on the deceased, who shall specify the time in attendance, the time he last saw the deceased alive and the hour of the day at which death occurred. And he shall further state the cause of death, so as to show the course of disease or sequence of causes resulting in death, giving the primary cause, and also the contributory causes, if any, and the duration of each. Indefinite and unsatisfactory terms, indicating only symptoms of disease or conditions resulting from disease, will not be held sufficient for issuing a burial or removal permit; and any certificate containing only such terms as defined by the state registrar as indefinite and unsatisfactory, shall be returned to the physician for correction and definition. The International classification of the causes of death shall be used by all physicians in stating the cause of death in the medical certificate. Causes of death, which may be the result of either disease or violence, shall be carefully defined; and if from violence, its nature shall be stated, and whether (probably) accidental, suicidal, or homicidal.

DUTIES:

1. INFORMANT SHALL SIGN HIS OWN NAME, under Item 17 to authenticate the facts stated under items 1 to 16 inclusive. In case of facts taken from hospital or public records, the person authorized to release the facts shall sign HIS name in addition to giving the source of information.
2. THE FUNERAL DIRECTOR is responsible for completing the entire certificate, obtaining the signatures of the INFORMANT and the OFFICIAL last in attendance on the deceased.
3. THE REGISTRAR can issue a burial or removal permit ONLY after receiving a completed death certificate, including the SIGNATURES in BLACK ink under items 17, 23a and 25.

PENALTIES: Under the Idaho law, it is a misdemeanor to

(a) Knowingly supply false information to any one connected with completing a death certificate;
(b) Neglect or refuse to certify to the cause of death on request of the person in charge of the disposition of the deceased.
(c) Remove or bury the body of a deceased person WITHOUT the proper permit being FIRST obtained from the local registrar in the district WHERE THE DEATH OCCURRED;
(d) Alter a certificate on file in the office of a local registrar.

STATEMENT OF PLACE OF DEATH

Special attention should be given to the satisfactory completion of EACH portion of this item. The city or town and street address or route number refer to PLACE WHERE THE DEATH OCCURRED. For deaths occurring in hospitals, maternity homes, or institutions, the name of the place and length of stay MUST be stated.

STATEMENT OF USUAL RESIDENCE OF DECEASED

Regardless of the fact that the person may have lived his entire life at the place of death, ALWAYS COMPLETE ALL PARTS OF THIS ITEM. In case a person has resided in the county where death occurred for less than one year, give address of FORMER RESIDENCE. The post office of the deceased may be in a county or state other than the county of actual residence.

IDAHO CODE ANNOTATED—CHAPTER 38, SECTION 206.

The personal and statistical particulars (items 1 to 16) shall be authenticated by the signature of the informant, who may be any competent person acquainted with the facts.

The statement of facts relating to the disposition of the body shall be signed by the undertaker or person acting as such.

The medical certificate shall be made and signed by the physician, if any, last in attendance on the deceased, who shall specify the time in attendance, the time he last saw the deceased alive and the hour of the day at which death occurred. And he shall further state the cause of death, so as to show the course of disease or sequence of causes resulting in death, giving the primary cause, and also the contributory causes, if any, and the duration of each. Indefinite and unsatisfactory terms, indicating only symptoms of disease or conditions resulting from disease, will not be held sufficient for issuing a burial or removal permit; and any certificate containing only such terms as defined by the state registrar as indefinite and unsatisfactory, shall be returned to the physician for correction and definition. The International classification of the causes of death shall be used by all physicians in stating the cause of death in the medical certificate. Causes of death, which may be the result of either disease or violence, shall be carefully defined; and if from violence, its nature shall be stated, and whether (probably) accidental, suicidal, or homicidal.

DUTIES:

1. INFORMANT SHALL SIGN HIS OWN NAME, under Item 17 to authenticate the facts stated under items 1 to 16 inclusive. In case of facts taken from hospital or public records, the person authorized to release the facts shall sign HIS name in addition to giving the source of information.
2. THE FUNERAL DIRECTOR is responsible for completing the entire certificate, obtaining the signatures of the INFORMANT and the OFFICIAL last in attendance on the deceased.
3. THE REGISTRAR can issue a burial or removal permit ONLY after receiving a completed death certificate, including the SIGNATURES in BLACK ink under items 17, 23a and 25.

PENALTIES: Under the Idaho law, it is a misdemeanor to

(a) Knowingly supply false information to any one connected with completing a death certificate;
(b) Neglect or refuse to certify to the cause of death on request of the person in charge of the disposition of the deceased.
(c) Remove or bury the body of a deceased person WITHOUT the proper permit being FIRST obtained from the local registrar in the district WHERE THE DEATH OCCURRED;
(d) Alter a certificate on file in the office of a local registrar.

STATEMENT OF PLACE OF DEATH

Special attention should be given to the satisfactory completion of EACH portion of this item. The city or town and street address or route number refer to PLACE WHERE THE DEATH OCCURRED. For deaths occurring in hospitals, maternity homes, or institutions, the name of the place and length of stay MUST be stated.

STATEMENT OF USUAL RESIDENCE OF DECEASED

Regardless of the fact that the person may have lived his entire life at the place of death, ALWAYS COMPLETE ALL PARTS OF THIS ITEM. In case a person has resided in the county where death occurred for less than one year, give address of FORMER RESIDENCE. The post office of the deceased may be in a county or state other than the county of actual residence.

IDAHO CODE ANNOTATED—CHAPTER 38, SECTION 206.

The personal and statistical particulars (items 1 to 16) shall be authenticated by the signature of the informant, who may be any competent person acquainted with the facts.

The statement of facts relating to the disposition of the body shall be signed by the undertaker or person acting as such.

The medical certificate shall be made and signed by the physician, if any, last in attendance on the deceased, who shall specify the time in attendance, the time he last saw the deceased alive and the hour of the day at which death occurred. And he shall further state the cause of death, so as to show the course of disease or sequence of causes resulting in death, giving the primary cause, and also the contributory causes, if any, and the duration of each. Indefinite and unsatisfactory terms, indicating only symptoms of disease or conditions resulting from disease, will not be held sufficient for issuing a burial or removal permit; and any certificate containing only such terms as defined by the state registrar as indefinite and unsatisfactory, shall be returned to the physician for correction and definition. The International classification of the causes of death shall be used by all physicians in stating the cause of death in the medical certificate. Causes of death, which may be the result of either disease or violence, shall be carefully defined; and if from violence, its nature shall be stated, and whether (probably) accidental, suicidal, or homicidal.

Indefinite and unsatisfactory terms, indicating only symptoms of disease or conditions resulting from disease, will not be held sufficient for issuing a burial or removal permit; and any certificate containing only such terms as defined by the state registrar as indefinite and unsatisfactory, shall be returned to the physician for correction and definition. The International classification of the causes of death shall be used by all physicians in stating the cause of death in the medical certificate. Causes of death, which may be the result of either disease or violence, shall be carefully defined; and if from violence, its nature shall be stated, and whether (probably) accidental, suicidal, or homicidal.

The statement of facts relating to the disposition of the body shall be signed by the undertaker or person acting as such.

The medical certificate shall be made and signed by the physician, if any, last in attendance on the deceased, who shall specify the time in attendance, the time he last saw the deceased alive and the hour of the day at which death occurred. And he shall further state the cause of death, so as to show the course of disease or sequence of causes resulting in death, giving the primary cause, and also the contributory causes, if any, and the duration of each. Indefinite and unsatisfactory terms, indicating only symptoms of disease or conditions resulting from disease, will not be held sufficient for issuing a burial or removal permit; and any certificate containing only such terms as defined by the state registrar as indefinite and unsatisfactory, shall be returned to the physician for correction and definition. The International classification of the causes of death shall be used by all physicians in stating the cause of death in the medical certificate. The medical certificate shall be made and signed by the physician, if any, last in attendance on the deceased, who shall specify the time in attendance, the time he last saw the deceased alive and the hour of the day at which death occurred. And he shall further state the cause of death, so as to show the course of disease or sequence of causes resulting in death, giving the primary cause, and also the contributory causes, if any, and the duration of each. Indefinite and unsatisfactory terms, indicating only symptoms of disease or conditions resulting from disease, will not be held sufficient for issuing a burial or removal permit; and any certificate containing only such terms as defined by the state registrar as indefinite and unsatisfactory, shall be returned to the physician for correction and definition. The International classification of the causes of death shall be used by all physicians in stating the cause of death in the medical certificate. Causes of death, which may be the result of either disease or violence, shall be carefully defined; and if from violence, its nature shall be stated, and whether (probably) accidental, suicidal, or homicidal.

AFFIDAVIT OF JACK TROMBETTA, SON OF DECEDENT

STATE OF IDAHO)
County of Lewis) ss.

I, JACK TROMBETTA, being first duly sworn deposes and says as follows:

That on June 8, 1971, my sister Doris Sarbacher, now deceased, my sisters friend, Nancy Linhauser, along with my father and mother, Mr. & Mrs. John Trombetta, were camped at O'Hara Creek Camp Ground on the Selway River.

At approximately 10 o'clock a.m., my sister and friend took my father across the Selway River on the O'Hara creek bridge and up O'Hara creek to the first bridge across O'Hara creek, my father left the car with his fishing equipment stating that he was going to cross O'Hara creek and proceed to the south bank of the Selway below the mouth of O'Hara creek to start fishing the river and that he would return to camp by foot in the afternoon. They watched him start and go out of sight toward his destination.

They then proceeded back across the river in the car and went up the river to fish themselves. They returned to camp at approximately 2:00 or 2:30 o'clock p.m. and when my father was not visible to them across the river they drove back across the river to see if they could find him and were un-successful in locating him.

The condition of the Selway River at this time was extremely high and riley as the result of the early spring run-off.

At approximately 6 o'clock p.m., when my father had not returned they drove to the nearest Forest Service Office and asked

I, JACK TROMBETTA, being first duly sworn deposes and says as follows:

[redacted], my sister Doris Sandpoint, [redacted] my sisters friend, Nancy Linhauser, along with my father and mother, Mr. & Mrs. John Trombetta, were camped at O'Hara Creek Camp Ground on the Selway River.

At approximately 10 o'clock a.m., my sister and friend took my father across the Selway River on the O'Hara creek bridge and up O'Hara creek to the first bridge across O'Hara creek, my father left the car with his fishing equipment stating that he was going [redacted] before [redacted] creek to start fishing the river and that he would return to camp by foot in the afternoon. They watched him start and go out of sight toward his destination.

They then proceeded back across the river in the car and went up the river to fish themselves. They returned to camp at approximately 2:00 or 2:30 o'clock p.m. and when my father was not visible to them across the river they drove back across the river to see if they could find him and were un-successful in locating him.

The condition of the Selway River at this time was extremely [redacted] and [redacted] the [redacted] of the party operating [redacted].

At approximately 6 o'clock p.m., when my father had not returned they drove to the nearest Forest Service Office and asked

for help in trying to find him.

The Forest Service advised Mr. Al Berry, Deputy Sheriff of Idaho County of the situation and he joined in the search for my father.

Since my father had had a previous heart attack and was taking medicine for his heart condition it was thought that he might have had a heart attack and would be found between his point of departure or the area down river.

A thorough search was made that night and he was not located and additional searches were made by large parties of persons for the next two days and it was ascertained that his body was not on the shore.

This left but one conclusion that my father either suffered an attack or fell into the river or just accidently fell into the river and was drowned. His body has never been found.

That in July of this year, Mr. Vonley James, Chief of Police of Nezperce, Idaho, while fishing the Selway River found my fathers fishing reel approximately 200 yards below the mouth of the O'Hara Creek in the edge of the river and returned the same to me which I was able to identify, having been familiar with the same for several years.

In my judgment and that of the persons who investigated this accident, all circumstances point to death, probably by drowning of John Trombetta of Nezperce, Idaho.

Affiant says nothing further.

That I am a Deputy Sheriff for Idaho County, State of Idaho and in my official capacity on the 8th day of June, 1971, I was called up the Selway River to assist in the search for John Trombetta, Nezperce, Idaho, who was missing from a fishing expidition.

I was advised that he had been taken by his daugher, Doris Sarbacher and a niece by car across the Selway River at O'Hara creek and up the creek to the first bridge crossing O'Hara creek, that he took off on foot across O'Hara creek intending to fish the south side of the Selway river below the mouth of O'Hara creek at approximately 10 o'clock in the morning.

That when he had not returned to camp and had not been seen the relatives notified the Fenn Ranger Station and requested aid in searching. Our office was notified at 9:20 P.M., and I reached the scene at 9:50 P. M., and the search was continued until 11:55 p.m., with no results.

The next morning myself and Delbert Hauger, another deputy, returned to the area and a well organized search was made by friends and neighbors of John Trombetta, the Forest Service and our office, with no results.

Thursday, June 10th a search was made by members of the Fish and Game Department by boat and Sheriff Altmiller of Clearwater County brought his dog to aid in the search but no results were obtained.. AFFIDAVIT OF VONLEY JAMES

STATE OF IDAHO)

County of Lewis)

I, VONLEY JAMES, being first duly sworn deposes and says:

That I am the City Marshal of Nezperce, Idaho, and have been acquainted with Mr. John Trombetta for several year prior to the time of his disappearance on the Selway River on June 8, 1971.

I am familiar with the fact that Mr. John Trombetta fished the south side of the Selway river below the mouth of the O'Hara creek and that this was one of his favorite fishing spots.

That on July 30, 1972, I was fishing this area and in shallow water near the bank, found a fishing reel which I returned to Nezperce and gave to Jack Trombetta the son of John Trombetta who immediately identified the same as having belonged to his father.

The reel is of an unusual type and I have seen very few in my lifetime and in addition thereto 2 welds had previously been made on this reel making it easily identifiable.

From the evidence available and having known Mr. Trombetta and his heart condition it is my opinion that he either fell or had a heart attack and fell into the Selway river and was drowned on the 8th day of June, 1971.

1. This is a petition for a declaratory judgment brought pursuant to Idaho's Uniform Declaratory Judgment Act, I.C. 10-1216. In this action, the petitioner requests that the court declare Jack Hugh Shelton, Jr. to be legally dead.

II.

2. The court has juridiction over this matter by virtue of Idaho Code Section 10-1217 which grants to the court the power to determine that a person is legally dead. Furthermore this action is proper in this district since it was the last county of residence of Jack Hugh Shelton, Jr. and the situs of the accident which claimed his life (hereafter, the accident).

III.

3. The petitioner, Christina Munoz, resides at 797 No. Oregon, Ontario, Oregon and was married to Jack Hugh Shelton, Jr. during his natural lifetime, and at the time of the accident.

4. Jack Hugh Shelton, Jr. was married to the petitioner at the time of the accident and resided at Box 417, Oakley, Idaho, prior to his disappearance on the day of the accident. During his lifetime he voluntarily assumed the name of his natural father and was known as James Lloyd Shepard.

IV.

ALLEGATIONS OF FACT

5. Jack Hugh Shelton, Jr. was born on April 16, 1926, at Nash, Texas.

6. Jack Hugh Shelton, Jr. was married to the petitioner, Christina Munoz on November 9, 1967 in Elko, Nevada. Her maiden name was Christina Shabanaux.

7. Prior to the day of the accident the petitioner and Jack Hugh Shelton, Jr., resided at Box 417, Oakley, Idaho.

8. During his lifetime Jack Hugh Shelton, Jr. used social security card number 518-70-4565, which was issued to him by the Social Security Administration.

9. On June 20, 1971, Jack Hugh Shelton, Jr. did accompany Andy Goodine, Anita Goodine, Tammy Goodine, Robbie Goodine, Charley Qualls, Raymond Moore and Harold Dibble on a boating excursion on Oakley Reservoir in Cassia County.

10. On June 20, 1971, and as a direct result of an accident which occurred to the above named individuals, all of these persons, including Jack Hugh Shelton, Jr. perished.

11. On June 20, 1971, the bodies of Anita Goodine and Tammy Goodine were recovered from the reservoir.

12. On September 14, 1971 the body of Andy Goodine was recovered from the reservoir.

13. On September 19, 1971 the body of Harold Dibble was recovered from the reservoir.

14. On September 20, 1971 the body of Charlie Qualls was recovered from the reservoir.

15. To date, the bodies of the other occupants of the boat, including Jack Hugh Shelton, Jr., have not been recovered from the reservoir.

16. Jack Hugh Shelton, Jr., has been absent from the Burley area since the date of the accident and has not been heard from since that date.

V.

CLAIM FOR RELIEF

17. Petitioner hereby incorporates by reference as if fully set forth, paragraphs 5 through 16.

18. Jack Hugh Shelton, Jr. has been absent and has not been heard from since the date of the above noted accident on June 20, 1971, a period of more than eight years.

19. Idaho Code Section 15-1-107 permits this Court to presume that an individual is dead when that person has been continuously absent and not heard from for a period of five years.

20. Idaho Code Section 10-1217 permits a court to declare a person to be legally dead when a clear and convincing showing is made.

PRAYER FOR RELIEF

Therefore the petitioner prays for the following relief:

1. That the court assume jurisdiction over this matter;

2. That the court find that Jack Hugh Shelton, Jr., has been absent and unheard of for a continuous period since June 20, 1971;

3. That the court, based upon clear and convincing evidence, declare Jack Hugh Shelton, Jr. to be legally dead.

IDAHO CODE

39-260. Registration of Deaths and Stillbirths.

A. A certificate of each death which occurs in this state shall be filed with the local registrar of the district in which the death occurs within five (5) days after the occurrence. However, the board shall, by regulation and upon such conditions as it may prescribe to assure compliance with the purposes of the vital statistics act, provide for the filing of death certificate without medical certifications of cause of death in cases in which compliance with the applicable prescribed period would result in undue hardship; but provided, however, that medical certifications of cause of death shall be provided by the certifying physician or coroner to the vital statistics unit within fifteen (15) days from the filing of the death certificate. No certificate shall be deemed complete until every item of information required shall have been provided or its omission satisfactorily accounted for. When death occurs in a moving conveyance in the United States and the body is first removed from the conveyance in this state, the death shall be registered in this state and the place where the body is first removed shall be considered the place of death. When a death occurs on a moving conveyance while in international air space or in a foreign country or its air space and the body is first removed from the conveyance in this state, the death shall be registered in this state but the certificate shall show the actual place of death insofar as can be determined. If the place of death is unknown but the dead body is found in this state, the certificate of death shall be completed and filed in accordance with this section. The place where the body is found shall be shown as the place of death. If the date of death is unknown, it shall be determined by approximation.

The person in charge of interment or of removal of the body from the district shall be responsible for obtaining and filing the certificate. Said person shall obtain the required information from the following persons, over their respective signatures:

1. Personal data shall be supplied by the person best qualified to supply them; and
2. Except as otherwise provided, medical data shall be supplied by the physician who attended the deceased during the last illness, who shall certify to the cause of death according to his best knowledge, information and belief within seventy-two (72) hours from time of death. In the absence of the attending physician or with said physician's approval the certificate may be completed and signed by said physician's associate physician, the chief medical officer of the institution in which death occurred, or the physician who performed an autopsy upon the decedent, provided such individual has access to the medical history of the case, views the deceased at or after death, and death is due to natural causes.

B. The person in charge of interment or of removal of the body from the district shall refer the following cases to the coroner who shall make an immediate investigation, supply the necessary medical data, and certify to the cause of death:

1. When no physician was in attendance during the last illness of the deceased; or
2. When the circumstances suggest that the death occurred as a result of other than natural causes.

C. When a death is presumed to have occurred within this state but the body cannot be located, a death certificate may be prepared by the state registrar upon receipt of an order of a court of record of this state, which shall include the finding of facts required to complete the death certificate. Such a death certificate shall be marked "presumptive" and shall show on its face the date of registration and shall identify the court and the date of decree.

IDAHO CODE

39-268. Authorization For Final Disposition.

A. The mortician or person acting as such who first assumes possession of a dead body or stillborn fetus shall make a written report to the registrar of the district in which death or stillbirth occurred or in which the body or stillborn fetus was found within twenty-four (24) hours after taking possession of the body or stillborn fetus, on a form prescribed and furnished by the state registrar and in accordance with regulations promulgated by the board. Except as specified in subsection (B) of this section, the written report shall serve as permit to transport, bury or entomb the body or stillborn fetus within this state, provided that the mortician or person acting as such shall certify that the physician in charge of the patient's care for the illness or condition which resulted in death or stillbirth has been contacted and has affirmatively stated that said physician or the physician's designate according to section 39-260(A)(2) or (D)(1), Idaho Code, will sign the certificate of death or stillbirth.

B. The written report as specified in subsection (A) of this section shall not serve as a permit to:

1. Remove a body or stillborn fetus from this state;
2. Cremate the body or stillborn fetus; or
3. Make disposal or disposition of any body or stillborn fetus in any manner when inquiry is required under chapter 43, Title 19, Idaho Code, or section 39-260 (B) or (E), Idaho Code.

C. In accordance with the provisions of subsection (B) of this section, the mortician or person acting as such who first assumes possession of a dead body or stillborn fetus shall obtain an authorization for final disposition prior to final disposal or removal from the state of the body or stillborn fetus. The physician or coroner responsible for signing the death or stillbirth certificate shall authorize final disposition of the body or stillborn fetus, on a form prescribed and furnished by the state registrar. If the body is to be cremated, the coroner must also give additional authorization. In the case of stillbirths, the hospital may dispose of the stillborn fetus if the parent(s) so requests; authorization from the coroner is not necessary unless the coroner is responsible for signing the certificate of stillbirth.

D. When a dead body or stillborn fetus is transported into the state, a permit issued in accordance with the law of the state in which the death or stillbirth occurred or in which the body or stillborn fetus was found shall authorize the transportation and final disposition within the State of Idaho.

E. A permit for disposal shall not be required in the case of a dead fetus of less than twenty (20) weeks gestation and less than three hundred fifty (350) grams or twelve and thirty-five hundredths (12.35) ounces where disposal of the fetal remains is made within the institution where the delivery of the dead fetus occurred.

DEPARTMENT OF HEALTH AND WELFARE REGULATIONS

02.8850. Removal of Dead Body or Fetus From Place of Death or Stillbirth. Before removing a dead body or fetus from the place of death or stillbirth, the funeral director, or person acting as such, shall obtain assurance from the attending physician or the physician's designate that the death or stillbirth is from natural causes and that the physician or the physician's designate will assume responsibility for certification of the cause of death or stillbirth, and receive from the attending physician or the physician's designate permission to remove the dead body or fetus from the place of death or stillbirth, or shall notify the coroner if the case comes within the jurisdiction of the coroner and obtain authorization to remove the dead body or fetus. In addition, the coroner may authorize removal of the dead body or fetus when death or stillbirth is due to natural causes only when there was no attending physician during the last illness, or there was no physician in attendance at the stillbirth, or when the attending physician or the physician's designate is not available or is physicially incapable of providing the assurance or permission.

Hearing set in shooting case

MURPHY — A Mexican farm laborer was arraigned in Murphy Monday morning on a charge of involuntary manslaughter in connection with the shooting death of a man described as "his close friend."

Facing the charge is Pedro P. Ramirez, 40, who lives in a trailer house approximately seven miles north of Bruneau, according to Owyhee County Deputy Sheriff Jack Freeman.

Legal counsel for Ramirez requested a preliminary hearing, and a date for the hearing was set for early October, Freeman added.

Ramirez was being held Monday in Owyhee County jail, Murphy, pending release on $1,000 bond.

The involuntary manslaughter charge stems from the shooting death about 8 p.m. Sunday of Ines Montana Ortez, about 45, Huyquilla, El Alto, Mexico.

Ortez and Ramirez, described by Freeman as "close friends," occupied adjoining trailers on the Mecham Ranch, about 1½ miles south of the Snake River on Crane Falls Road.

Freeman said three shots were fired from a .38 caliber pistol. One bullet went through the open door of Ramirez' trailer, passed through the wall of the other trailer, and struck Ortez.

The wounded man died a few minutes after the incident, Freeman said.
